

## ICN-WS-Islamic Studies-Level 1 Girls- Class Update for Feb 19th

AS WR WB Parents and Students,

Some more students read their goals essays. Please email them to me if you haven't already.

Then we went to the forum room to listen to a couple of very powerful lectures.

### 1. Halal Life Style

Where the students heard from Brother Ahmad Adam, CEO of Crescent Foods, how to live a halal life style. He said that we have to be conscious of how we live our lives every day, and we can turn our activities in to halal living. We can have halal entertainment, halal tourism, halal foods, and more. The main goal is to do deeds that Allah has approved of and do them to please Him so that we get Eternal Jannah, inshaAllah.

### 2. In time of trials and tribulations

The students heard another great talk by Br. Rizwan Ali. He was in Egypt to witness history in the making and he shared some personal experiences with them. He gave the students tips on how to stay focused on the goal of Jannah, even when Allah tests us. He tests all of us to purify us and to differentiate between the ones that will show patience from the ones that will complain. Some good tools to have are direct duas to Allah, take a step back and evaluate the situation, reflect on our actions, read Quran with understanding and let its light guide us, and return to him with patience and salah.

### HOMEWORK:

Please read chapter **6 and 7** in the text book and answer the questions at the end of both the chapters.

### Parent-teacher conferences:

I still haven't met up with all the parents, and wish to do so. Kindly get in touch with me via email to let know when you can come and see me at Saturday School. We can have a phone conference as well if you are not able to come on Saturday.
