

ICN WS Islamic Studies
4-9-11 Class Update

AS WR WB Parents and Students,

Last Class I gave out their quiz results from the chapter about Adam (AS). Please ask your daughter to show you her paper and read her answers. This will help you understand how we study in the classroom and what the students learn. Some of them did write some personal struggles, and if they insist on not showing you their paper, then let them have their privacy between them and Allah.

The students wanted to study about some girl issues and life challenges. So last class we started reading from a book called: "A Muslim Girl's guide to life's Big changes" by Rayhana Khan. It is a very small booklet that goes over some main points briefly and age-appropriately. We will continue to read this book till our classes end this year, InshaAllah!
